## **Design Standards Manual Index**

- I. Support Documentation
  - Transportation Impact Study
  - Neighborhood Traffic Management Guidelines
  - Miscellaneous Reports / Studies
- II. Stormwater Design Standards
  - Camas Stormwater Design Standards Manual (Pending)
  - Ecology 2024
  - Stormwater Sewer System Operations and Maintenance Manual
- III. North Shore Subarea Plan
  - North Shore Design Manual
  - North Shore Land Use District Map (Figure 4)
  - North Shore Local Streets (Figure 10)
  - North Shore Collector Street (Figure 11)
  - North Shore Ridgeline Road (Figure 12)
  - North Shore Boulevard (Figure 13)
- IV. Engineering Design Standards and Submittal Requirements
  - General Submittal Requirements
  - Grading/ESC Plan
  - Streets
  - Storm Systems
  - Water Systems
  - Pressure Reducing Valve Stations
  - Sanitary Sewers
  - Pump Stations
  - Community STEF Tanks
  - Street Lighting
  - Small Wireless Facilities (Pending)
  - As-Built Submittal Requirements
  - Plan Review Checklists
  - Donated Infrastructure Quantity Tracking
- V. Engineering Details
  - General Engineering Details
  - Erosion Control / Grading Details
  - Street Details
  - Street Lighting Standards
  - Storm Details
  - Gravity Sewer Details
  - STEF Sewer Details
  - STEP Sewer Details
  - STEF & STEP Tank Details
  - Sanitary Sewer Pump Station Design Manual
  - Water Details
- VI. Landscape Standards
  - Landscape Details
  - Irrigation Details
  - Plant Materials
- VII. Gateway Standards
  - Sidewalk & Fence Details
  - Street Lighting Details
