

Monthly Investment Report

As of June 30, 2018

This report presents the City's investment portfolio as of June 30, 2018. It includes all investments managed by the City on its own behalf. The report provides information on the institution, investment type, purchase and maturity date, value, yield for each security. As of June 30, 2018, the investment portfolio complied with all State laws.

Current Portfolio Summary. Short-term excess cash is currently invested primarily in the Washington State LGIP and in the Clark County Investment Pool. Both investment pools are very high-quality investments in terms of safety and liquidity. The Clark County Investment Pool is longer in average duration than the Washington State Local Government Investment Pool and therefore the current yield is slightly lower on the Clark County Investment Pool than the LGIP. The City has most of the cash required for immediate liquidity in the LGIP.

The City also has 93% of its investments longer term in federal agency securities this allocation. The total federal agency securities have an unrealized loss as of June 30, 2018 of \$600,334. An unrealized loss is the amount of funds the City would not receive if the City sold the securities on the reporting date. In other words, the market price on the report date was lower than the price the City purchased the securities at. The City's portfolio has several callable securities. The City's strategy will continue to be laddering maturities with callable securities while shortening the duration of the portfolio.

The City also has a second investment portfolio for the bond reserve funds for 2015 Water-Sewer Revenue Bond. These proceeds were invested in the Clark County Pool and in federal agency securities. This portfolio has an unrealized loss of \$55,101. These securities have longer maturities due to the long-term nature of the reserve fund of twenty years.

The City issued limited general obligation bonds in 2015 and invested the proceeds in a third portfolio. These remaining proceeds were invested in the Clark County Pool.

The City issued revenue bonds and invested the proceeds in a fourth portfolio. These proceeds are invested in the Clark County Pool. The construction project is anticipated to be complete in the Summer of 2018.

The following is a summary of the City's investments based on recorded value as of June 30, 2018 compared with the prior month:

	June 30, 2018	May 31, 2018
Investments held by the City	\$38,902,473	\$39,573,843
Investment of Bond Reserve Funds	\$1,647,322	\$1,647,139
Investments of GO Bond Proceeds	\$416,306	\$491,534
Investments of Revenue Bond Proceeds	\$5,489,207	\$5,531,337

Summary of Activity for the Month and Future Liquidity In month of June, expenditures exceeded revenues with seasonal capital projects.

The City has a Line of Credit which assists the City in enhancing its liquidity during very large capital project seasons. With the Line of Credit, staff can better manage cash flow needs of the City. In addition, we continue to believe the portfolio contains enough liquidity to meet the next six months of expected expenditures by the City.

Report Contents and Distribution. This report includes the following three schedules on the City's portfolio as of June 30, 2018: summary of investments held by the City; summary of investment portfolio liquidity; and detail of each investment. A listing of the individuals that routinely receive this report is provided at the end of the report.
