

Monthly Investment Report

As of February 28, 2026

This report presents the City's investment portfolio as of February 28, 2026. It includes all investments managed by the City on its own behalf. The report provides information on the institution, investment type, purchase and maturity date, value, yield for each security. As of February 28, 2026, the investment portfolio complied with all State laws.

Current Portfolio Summary. Short-term excess cash is currently invested primarily in the Washington State LGIP and in the Clark County Investment Pool. Both investment pools are very high-quality investments in terms of safety and liquidity. The Clark County Investment Pool is longer in average duration than the Washington State Local Government Investment Pool and therefore the current yield is higher on the Clark County Investment Pool than the LGIP. The City will maintain balances in both pools and monitor rates.

The City also has 94% of its investments longer term in federal agency securities this allocation. The total federal agency securities have an unrealized gain as of February 28, 2026 of \$500,832. An unrealized gain is the amount of funds the City would receive if the City sold the securities on the reporting date. In other words, the market price on the report date was higher than the price the City purchased the securities at.

The City issued limited general obligation bonds in 2018 and has invested the remaining of the proceeds in the LGIP. These remaining bond proceeds will be spent in 2025.

The City issued limited general obligation bonds in 2020 and has invested the proceeds in the LGIP. Most of these proceeds were spent with the remainder to be spent by the end of 2025. These proceeds are in the LGIP.

The City issued limited general obligation bonds in 2023 and has invested the proceeds in the LGIP. These proceeds will be spent by December of 2026. These proceeds are in the LGIP.

The City issued limited general obligation bonds and unlimited tax general obligation bonds in 2025. These proceeds are in the LGIP and in federal agency securities. The total federal agency securities have an unrealized gain as of February 28, 2026 of \$204,610.

The City issued revenue bonds for the City's water infrastructure projects this month. These proceeds are in the LGIP and in federal agency securities. The total federal agency securities have an unrealized gain as of January 31, 2026 of \$82,122.
