

## Application for Temporary Suspension of Solid Waste Service

City of Camas solid waste service operates under a compulsory system. Every customer is charged for service collection to ensure that the cost to maintain the program is spread equitably across the customer base.

Customers who temporarily vacate their property for a portion of the winter may apply to pay a reduced "snowbird" rate that excludes disposal charges, provided that:

- Service will be suspended for no less than 3 months and no more than 6 months
- Service will not be suspended more than once per twelve month period
- Service will not be suspended during the period between April 1st – September 30th
- Application is being made at least 14 days in advance of the suspension start date
- The property will remain unoccupied during the suspension and no waste will be generated on site
- A valid forwarding address has been provided below, if applicable
- The account balance is current and will be kept current during the suspension period

Customer Name \_\_\_\_\_

Suspension Start Date \_\_\_\_\_ Suspension End Date \_\_\_\_\_

***I have read and agree to the service suspension terms and restrictions above. I understand that a violation of the terms may result in service being resumed and that repeated violations may render the property ineligible for service suspensions. I understand that the City will continue to bill utilities for the property during the suspension, including a reduced rate for solid waste service.***
